Mr. E. H. Scott Interviewed Interesting Insight Into Organization Of China War Relief Work

Interesting insight into the organization of war relief work in China was given to the "Hongkong Daily Press" yesterday by Mr. E. H. Scott, general secretary of the International Red Cross of Central China, who is a patient at the Matilda Hospital.

Mr. Scott came to Hongkong about a month ago on a holiday and partly to obtain treatment for an ear ailment which developed from considerable travelling by air. While in hospital, it was discovered that he had incipient appendicitis, and a successful operation was performed last week. Mr. Scott expects to return to the interior in about a fortnight.

The original base of operations of the organization to which Mr. Scott belongs was Hankow. After the fall of that city, however, the centre was transferred to Changsha, but removal was found necessary after only a week, and the administration was transferred to Kweiyang, in Kweichow Province.

CHIEF CENTRE

Kweiyang is now the chief centre of relief activities, but branch offices of the organization are being maintained at Changsha and Yuanling (Hunan), Chungking (Szechuen), Ichang (Hupei) and Sian (Shensi).

The International Red Cross of Central China is represented in Hongkong by Prof. Gordon King, of the Hongkong University, while the Shanghai International Red Cross Society is also acting as a branch office for the distribution of supplies in occupied territory in that region.

The object which the organization has pursued since the beginning of hostilities, said Mr. Scott, is to give aid to wounded soldiers, civilian victims of air raids and sick refugees.

This has been accomplished in a very successful measure by subsidising local hospitals and relief centres in various affected areas throughout the country. The Society has made arrangements with these hospitals to allocate certain numbers of beds for treatment of those who need relief; and payment is made at the rate of 50 cents per day for each occupied bed.

The Society has throughout managed to reserve enough funds for the support of these hospitals for a period of at least three months, so that there might be no sudden stoppage of the good work.

MANY HANDICAPS

In spite of many handicaps, communication has always been maintained with all these local centres, and regular reports have so far been received by the administrative body at Kweiyang. It is on the basis of these reports that payment is made to the various hospitals concerned.

The work could not have proceeded so smoothly, said Mr. Scott, (Continued on Back Page)

Polish Official Kidnapped From Danzig

TAKEN FOR "RIDE" BY NAZI AGENTS

WARSAW, June 12 (Reuter)—The Polish Commissioner-General of the Danzig has lodged a protest with the Senate of the Free City over an incident in which a Polish Customs official is alleged to have been kidnapped from the Danzig by Nazi agents, taken for "a ride," beaten up, and left unconscious.

Several motorized units of the German Army, unarmed but in uniform, arrived in the Danzig at the week-end to attend the celebrations of the local storm troop organization.

"STRENGTH FROM RESTRAINT"

PRESIDENT ON ROYAL VISIT

NEW YORK, June 12 (Reuter)—Reference to the Royal visit was made in a speech by President Roosevelt at the graduation ceremonies of the United States Military Academy at West Point.

The President said: "Recently we had the pleasure of a visit from King George VI as a courteous recognition of the cordiality and goodwill existing between our two great nations."

"It is significant, lay in the fact that friendship between the two countries could exist since both were without fear. To achieve that result strength is necessary, and that is strength which comes not from arms alone but from restraint, understanding and co-operation."

"If these qualities can be developed internationally as well as nationally, we shall be materially nearer the realization of our hopes for peace."

"AULD LANG SYNE"

NEW YORK, June 12 (Reuter)—It is estimated that 6,000,000 people saw the King and Queen during their 100-hour visit to the United States.

The Royal train left Hyde Park, New York, at 3.09 a.m. (GMT). Hundreds of onlookers at the station sang "Auld Lang Syne" and "For He's a Jolly Good Fellow."

President Roosevelt drove their Majesties to the railway station to say farewell with his wife and mother.

In the meantime, the press, political commentators and ordinary citizens all testify to the unqualified success of the visit which is seen as promoting friendship between the English-speaking nations and of wide significance for a troubled world to-day.

YOUTH KILLED IN KOWLOON BUS ACCIDENT

A youth who, while riding a bicycle, collided with a moving motor bus at the junction of Chatham and Austin Roads yesterday morning, died in the Kowloon Hospital at 7.20 last night.

The accident occurred about 10.20 in the morning. The bus, No. 853, was proceeding along Chatham Road in the direction of Hung Hom when the cyclist, Ng Chin-lan, 19, a foid of the Hau Kee stall in the Tsimshatui Market, shot out of Austin Road and ran into it.

Ng, who fell heavily to the ground, receiving injuries to his head and arms, was immediately conveyed to the Kowloon Hospital.

WEEK-END CHINESE VICTORY

HEAVY LOSSES SUSTAINED BY JAPANESE IN UNSUCCESSFUL ATTEMPTS TO CROSS HWANGHO

Chungtiao Mountains Is Grave Of Invaders

LOYANG, June 12 (CENTRAL)—LATEST DISPATCHES RECEIVED FROM THE FRONT CONCERNING THE WEEK-END CHINESE VICTORY IN SOUTH SHANSI revealed that the Japanese losses sustained during their repeated unsuccessful attempts to cross the Hwangho on the Shansi border were far heavier than at first believed. It is claimed that of the total Japanese force of 30,000 men thrown into the whole front, about a third have been killed or wounded.

General Wei Li-huang, Commander-in-Chief of the Shansi front, prophesied that the difficult Chungtiao Mountains shall be the grave of the invaders. His forecast seems now to have been proven true, it is stated.

For six days the fortunes of battle swung between the opposing forces. Points were gained by the Japanese by dint of their heavier artillery fire and chemical weapons, but the mobile tactics of the Chinese forces eventually turned the tide in their own favour. The Chinese successes were crowned by the recapture of Pinglu and Maotung on Saturday.

A high commander of the Chinese forces, interviewed by press representatives, declared that one of the most remarkable points about the comparative strength of the opposing forces is the improved tactics and high morale of the Chinese as against the poor discipline and fighting stamina of the Japanese.

He revealed that in many cases hundreds of dead and wounded and quantities of ammunition were left by the Japanese on the field when beaten back from their positions. Such a state of affairs was seldom witnessed before among the Japanese indicating how low their morale had fallen.

One of the most fruitful Chinese tactics, according to the commander, was that the defenders always attacked where the enemy line was weakest. They never hesitated to use a larger force to annihilate a smaller Japanese unit, but would not expose a weaker unit by pitching them against a strong enemy contingent.

Australian Premier Favours Conference

CHAMBERLAIN'S STATEMENT IS WELCOMED

CANBERRA, June 12 (Reuter)—"I welcome the British Prime Minister, Mr. Chamberlain's statement that if Germany is ready to negotiate in a peaceful spirit there will be ready response from Britain," declared Mr. R. G. Menzies, Prime Minister of Australia.

Mr. Menzies added: "If we are to return to more peaceful days and an era of trade and financial stability I am firmly of the opinion that it must be by way of the conference table."

Mr. Menzies emphasized that the "anomalies existing in the relationship between great nations" could not be adjusted, or the sense of grievance, "some nations are nursing" be removed, by resort to force.

CONFERENCES AT FOREIGN OFFICE & NUMBER TEN

LONDON, June 12 (Reuter)—Conferences were held at the Foreign Office and at No. 10 Downing Street this morning.

Mr. William Strang, Director of the Central European Department in the Foreign Office, who left by air for Moscow to assist the British Ambassador, Sir William Seeds, in the Anglo-Soviet negotiations, went to the Foreign Office early this morning for final discussions with the Foreign Secretary, Lord Halifax.

M. Ivan Maisky, Soviet Ambassador in London, saw the Foreign Minister for an hour. Lord Halifax also saw the Prime Minister, Mr. Chamberlain, at No. 10 Downing Street.

PALESTINE

Mr. Malcolm MacDonald, Secretary for Colonies, saw Mr. Chamberlain this morning, prior to his visit to Geneva to-morrow, to submit Britain's Palestine proposals before the Permanent Mandates Committee of the League.

NEW MINISTER OF INTERIOR

CHUNGKING, June 12 (Central)—Mr. Chow Chung-yuh, new Minister of Interior, will be officially sworn into office on June 13. It is learned here to-day, Mr. Chow succeeds General Ho Chien, who has been appointed to a new post.

YARD ON TRAIL OF I.R.A. WOMEN TERRORISTS

LONDON, June 12 (T/Ocean)—Women are believed chiefly to be responsible for the latest bomb outrages in London and Manchester, according to Scotland Yard officials who hint that they are hot on the trail of the Irish Republican army organization systematically training women to commit "minor" terror acts.

The Chief of the Scotland Yard department, in charge of the investigations, has enlisted the services of a number of women detectives to track down the female Irish terrorists.

Japanese Will Search All Persons

TIENSIN, June 12 (Reuter)—The Japanese authorities it is understood have decided to search all persons crossing the borders of foreign areas after June 14 except those on official duty, according to a local Japanese press report.

It is stated that Japanese nationals will be requested not to visit the British and French Concessions except on unavoidable business. The report adds that searches and examinations will be much stricter than last year.

Navigation Survey Party Of Seven Lost: Ship Capsizes At Laochunshan: Dutch Conservancy Expert Dead

KUNMING, June 12 (Central)—The sad tale of the complete loss of a navigation surveying party of seven, headed by M. Bourdrez, League of Nations conservancy expert, on the rapids of the Chingsakiang, one of the tributaries of the Yangtze separating west Szechwan from north Yunnan, on May 10, was revealed in a belated report received here to-day.

The surveying party was organized by the Ministry of Economy and the Southwestern Transportation Bureau, for the purpose of sounding navigation possibilities of the Chingsakiang.

Setting out in the early part of last month, the party's ship capsized at Lao-chunshan, about 60 miles north of Taiji, in a rapid current.

Besides M. Bourdrez, the party consisted of Mr. Chang Chun, Technician of the Ministry of Economy, Mr. Hu Yun-mou, Surveyor of the Southwestern Transportation Bureau, and four others. All the seven members of the party are known to have been drowned.

The sole survivor was one of the crew, who was cast ashore and managed to escape with his life.

The bodies of both M. Bourdrez and Mr. Chang have been recovered at Huitze, and are being sent back to Kunming. Another body, believed to be a member of the staff of the Ministry of Communi-

cations who was also with the party, has also been recovered. A search is being made for the bodies of the other victims.

Mishap Confirmed

CHUNGKING, June 12 (Central)—The mishap of the Chingsakiang navigation surveying party on May 10 has been confirmed in a report received here.

M. J. M. Bourdrez, Dutch conservancy expert and adviser to the Hwai Ho Conservancy Commission since 1931, is definitely learned to have perished together with the other members of the party.

CYCLING

G. COTTRELL'S THIRD UNPACED RECORD

Island Circuit Course

Securing his third Colony unpaced road time trials record Geo. Cottrell, "veteran" performer of the Hongkong Cycling Club, on Wednesday last established figures for the Island Circuit 25 miles course, under Class "D" regulations, his time of 1 hr. 32 mins. 32 secs. giving him an average of 16.12 m.p.h. and beating the lowest standard mark by no less than 12 mins. 28 secs.

Conditions were good when Cottrell was despatched by Mr. H. A. G. Keates, timekeeper, from Stanley at 5 p.m. A light southeasterly breeze assisted the rider over Tytam Gap to Shauiwan (20 mins.) and Kennedy Town (21 mins.) and he was back in the terminus in 47 mins. after the City traffic had been successfully negotiated.

Aberdeen Industrial School was passed at 6.8 p.m. Cottrell then putting in a strong finish against a falling wind. A 64 inches gear and free wheel was used. Messrs. R. H. McDowell and W. Etock were responsible for marshalling and checking arrangements.

Five days previous to the official attempt Cottrell clocked 1 hr. 35 mins. over the route, which figures on Monday last were reduced in another unofficial trial to 1 hr. 34 mins. by W. Etock.

Consequent on Cottrell's trial the scheduled outing to Repulse Bay on Wednesday last was cancelled. Two riders carried out "century" trips on Thursday, taking advantage of the holiday afforded by the King's Birthday Celebrations.

Their totals were 104 and 101 respectively, and included a run from Kowloon via Unfong and Fanling to Shataukok, returning through Fanling and Taiipo. Considering the weather (and their new saddles!) both riders deserve congratulation on the achievement.

SATURDAY ADVENTURE
Saturday's outing was a memorable adventure. Statue Rock was the venue for which the usual party left the Alhambra at 2.15 p.m. Leaving the main road at the Reservoir at 2.40 p.m. the catch-water path was followed and the venue reached half an hour later.

The homeward route saw a reversal of normal cycling methods, with riders carrying the machines! Climbing from Statue Rock the Club reached Shatin Pass at 3.30 p.m. after traversing the northern slopes of the Lion Rock and Unicorn Ridge, and reaching Shek-haw Road at Crown Point.

The last occasion on which Shatin Pass was visited by the Club was in June, 1934, but one member of that party was, present on Saturday, and found much improvement in the tracks in the area. The run concluded in Kowloon at 5.15 p.m. (in rain, as usual).

WEEK'S FIXTURES

The current week's fixtures are as follows: 14th—Methodist Church (Hennessy Road) 6 p.m. for Aberdeen; 17th—Alhambra Theatre (Kowloon) 2 p.m. for Shatin Pass and Tate's Cairn; 18th—Alhambra Theatre, 9.30 a.m. for Shataukok.

An open event of an unusual nature, in the form of a Massed Club Run for all local cyclists, will shortly be promoted by the Hongkong Cycling Club. The route selected for the event is the Kowloon Circuit "50," for which a schedule of nine hours has been arranged.

All participants will start, ride and finish together, and a souvenir certificate (attached) will be presented to all finishers. Further particulars will appear in due course, or may be had on application to the Hon. Secretary, Mr. H. A. G. Keates, Royal Army Service Corps, Wellington Barracks.

MAJOR MURRAY'S SUCCESSOR

Capt. F. Sale, A.E.C., has taken over the duties of Hon. Secretary of the Hongkong Rifle Association from Major G. P. Murray, who is proceeding to the United Kingdom on transfer to Home Establishment.

Capt. Sale's office is in Command Headquarters, Tel. H.Q. No. 7.

H.K.F.A.'S \$7,500 PROFIT

At the meeting of the Council of the Hongkong Football Association, held in the Association's rooms yesterday evening, it was announced that, subject to audit, the accounts for season 1938-9 show a profit of approximately \$7,500.

The annual general meeting will be held on July 10.

S.C.A.A. BEAT KOWLOON C.C.

"A" Div. Tennis League

At King's Park, South China A.A. defeated the Kowloon Cricket Club by seven sets to two.

C. K. Chan and Bick Szeo (South China A.A.) beat E. C. Fincher and G. C. Burnett 6-3
beat A. E. P. Guest and A. Crawford 6-3
beat A. V. White and S. A. Gray 7-5
C. Wong and K. F. Liu (South China A.A.) beat Fincher and Burnett 6-4
beat Guest and Crawford 6-3
beat White and Gray 6-2
A. Chan and J. Hsu (South China A.A.) lost to Fincher and Burnett 5-7
drew with Guest and Crawford 8-6
drew with White and Gray 8-6

H.K. GOLF CLUB SUMMER SINGLES

The following are the results of the first round of the Royal Hongkong Golf Club's First Summer Singles Competition played at Happy Valley:

H. N. Williamson bye; C. G. Moore (14) beat W. Ahern (9) 2 up; J. W. Mayhew (8) beat Col. Matthews (12) 4 up and 2; Surg. Li ut.-Comdr. Nicholson w.o.; A. J. Dennis (9) beat E. Tuck (14) 6 and 4; W. H. Jowit w.o.; Hugh Smith (13) beat G. Davies 5 and 4; C. W. Whitton (12) beat N. J. Brooker (11) 5 and 4; F. Buckle (12) beat A. D. Humphreys (8) 7 and 5; S. E. Chubb (15) beat A. J. MacFarlane (18) 2 and 1; W. S. Hillier (8) beat T. Low (10) 1 up; C. M. Stark (9) beat G. T. May (13) at 20th; K. S. Robertson (4) beat J. W. Macdonald (7) 1 up; J. Forbes (9) beat A. McKellar (6) 1 up; G. W. Reeve (13) beat W. F. Barnes (10) 2 and 1; A. L. Powell w.o.

Players are requested to take advantage of any dry weather that may occur to play off their matches as soon as possible.

ADAMSON CUP

The following is the result of the June Qualifying Competition played at Happy Valley on June 2-11: W. W. C. Shewan 78-7-71; J. Forbes 80-9-71. Tie and qualify.

INTERNATIONAL GOLF: FRANCE BEATS BRITAIN

MORFONTAINE, June 12 (Reuter).—In the Sixth Annual International Golf Match, France beat Britain by five matches to four. This is the first French victory since the inception of the matches in 1934.

U.S. OPEN GOLF TOURNEY

First Triple Play Off

PHILADELPHIA, June 12 (Reuter).—The first triple play-off in the American Open Golf Championship, since 1913, when Outmet beat Ted Ray and Harry Vardon, was played yesterday.

After teeing with Shute, Wood was very unfortunate on the eighteenth, where Shute needing a "birdie" four took the hole in five, Wood missing a 12 foot putt for "eagle."

Clayton Heafner, from Charlotte, North Carolina, with a score of 66 was third, taking 80 for an aggregate of 292 and finished fifteenth.

Marvin Ward was fourth with 285, followed by Sam Snead 286, Johnny Bulla 287 and Ralph Guldahl 288.

Wood and Nelson returned 68, Shute 76, Wood and Nelson will replay to-day.

LEE TIN-SANG IS BADLY INJURED

According to word received by the South China Athletic Association from Saigon, Lee Tin-sang was badly injured and Fung King-cheung slightly hurt in the match on Saturday between the South China touring team and Nam Khai, one of the strongest teams in French Indo-China.

There are no details concerning the injuries sustained by Lee and Fung.

Australian Crew For Henley

On board the Orford which was in Colombo recently were the members of the New South Wales Crew which is to row at Henley on Thames at the Centenary Regatta in July. The team is as follows:—

	st lbs.
B. P. Jay (cox) 19	11.10
J. Barnes (2) 21	12.10
E. P. Trebeck (3) 20	12.13
E. D. Macpherson (4) 24	13.05
W. J. Dixon (5) 28	13.06
F. S. Grace (6) 29	13.11
E. R. Eynsey (7) 28	12.01
J. R. Burrell (stroke 24)	11.12
T. G. Glassford (Reserve) 24	12.08
H. J. Turner (sculler) 27	12.04

Mr. Rook, the manager of the team stated that the sum of £1,000 necessary for the crews expenses were obtained by public subscription. The crew has been trained by Mr. Syd Roper.

Their style of rowing is what might be called "loose orthodox." The body swing, though natural is uniform without excessive swing forward or back. The hands are dropped at the finish of the stroke and allowed to "swing away steadily."

There is a distinct poise at the beginning when the bodies are brought into a balanced position, followed by a vigorous drive off the stretcher combined with the catch of the water.

The rowing of this crew is described as resembling that of the English crew that won at the last Empire Games. It was also coached by Mr. Beresford, who will help in coaching the Australian crew in England.

AMERICA RETAINS POLO CUP

BRITAIN BEATEN BY 9-4

MEADOWBROOK, June 12 (Reuter).—America retained the Westchester Polo Cup beating Britain by nine goals to four.

There were 20,000 spectators. The sky was clear and there was a scorching sun.

Britain played dashing in the first half, but their hitting went to pieces in the second and they were well beaten at the finish.

The chucker scores were:

America: 2-1, 0-0; 1-0; 1-1; 0-1; 2-0; 3-0; 0-1.

Scorers

The scorers for America were Hitchcock, 4, Phipps 3, Guest and Iglehart.

The scorers for Britain were Sken 2, Roark and Tyrrell Martin. The American rode brilliantly in the second half and Tyrrell Martin played splendidly at back.

Australia's New Find

BOWLING PROWESS OF BARRY SCOTT

Victoria has brought to light, in J. Barry Scott, a fast bowler of whom the highest hopes are entertained. In the interstate match at Sydney between Victoria and New South Wales Scott captured twelve wickets at the surprisingly low cost of 79 runs!

He will, of course, need to continue to display convincing consistency; but if he maintains anything like the skill and hostility shown in Sydney he should not fail to make a favourable impression. He has shown infinitely better work than that by E. L. McCormick, who of late has not been accurate in either length or direction, and seemed to have lost a certain amount of his speed.

Scott is about twenty-three years old, not so tall as McCormick, and built on solid lines. His run to the creases is without stuttering or hesitation—he goes straight through. His action at the point of delivery is most unorthodox and rather entertaining, as he seems to hurl himself at the batsman, like a wild bull charging at him.

Good Speed

His speed is good and well sustained over several longish spells. His length deliveries frequently lift from the pitch most awkwardly and this feature is quite apart from the occasional short ball he delivers. He makes the ball work in and away from the batsman and what is most important—this swing is very late, and so renders the making of strokes with certainty rather difficult.

The surprising thing about his bowling in this match was the number of times he forced the batsman to play at him and yet make the mistake of practically poking the ball into the hands of the slips.

A. G. Chipperfield has enjoyed plenty of experience against all types of bowlers, both at home and abroad, and yet he was never more at sea than at the Sydney cricket ground to the newcomer's bowling.

LUNATIC FOOTBALL TEAM WINS

A football team, consisting of the inmates of a lunatic asylum, played against the best team of the town of Bilbao on Sunday and, to the amazement of the spectators, won by 4-2.

The match had been arranged to test a statement made by several physicians and scientists that it was by no means impossible for lunatics to be superior to normal persons in regard to certain subjects or occupations. (Trans-ocean)

CHUNGKING NEWS
BROADCAST

A regular series of short-wave broadcasts in the English and other foreign languages have been inaugurated by the Central Broadcasting Administration, Chungking.

Of special interest to Far East listeners are the news broadcasts at 10 a.m. (H.K. time) each day on 25.21 metres (11.9 megacycles).

There are daily broadcasts from 4.15 a.m. to 2.30 a.m. to European countries, including Great Britain, France, Italy and Germany on 25.51 metres and 31.58 metres; to America between 9.30 a.m. and 11.30 a.m. in Chinese and English on 16.55 metres and 19.75 metres; to East and North China and Siberia between 5.30 p.m. and 7.10 p.m. on 25.51 metres and 31.58 metres in Chinese; to Japan between 7.15 p.m. and 7.55 p.m. on 25.21 metres and 31.58 metres in Japanese; to South China and the South Seas between 8.10 p.m. and 10.30 p.m. on 25.21 metres and 31.58 metres, including a news bulletin in English at 8 p.m. (10 p.m. local time); and to Soviet Russia between 11 p.m. and 11.30 p.m. on 25.21 metres and 31.58 metres in Russian.

U.S. NEGRO COLONY
IN AFRICA

A bill to develop an American Negro settlement in Africa at a cost of a billion dollars a year was introduced lately by Senator Bilbo (Memocrat of Miss.).

He suggested that United States acquire land adjacent to Liberia, establish a military government, pay the cost of transportation for negroes willing to go and subsidize their new start in life.

Bilbo, in a four-hour speech on the Senate floor, said he was "satisfied that 75 per cent of the 12,000,000 negroes in the United States favour the plan" and added there was "not one line of compulsion in the whole scheme."

The Chinese woman who was alleged to have been found nude within the military compound near the Detention Barracks on Saturday morning, was reminded for a week for medical observation, by Mr. R. Edwards at the Central Court, yesterday. An uncle of the woman stated that he thought his niece was deficient mentally.

"SMASHING THE SPY RING"

Timely screen expose of a national menace. Columbia's "Smashing The Spy Ring" opens at the Majestic Theatre to-day. The intricate, devious methods of foreign spies and the intense, relentless battle made against them by government agents supply the principal motifs of this brilliant new adventure film.

A superb cast and a fine director vividly bring the nation's headlines to flaming life. Ralph Bellamy and Fay Wray are co-featured in "Smashing The Spy Ring," as a federal agent and as the sister of a murdered G-man. Both appear to perfection in the type of characterizations which won them fame.

Bellamy, it will be recalled, was one of Hollywood's finest dramatic character actors prior to his recent conversion to comedy roles. Miss Wray, it will be recalled, is one of Hollywood's most attractive and most talented young women, well-known to action film fans.

OLIVER AND ZENOBIA THE ELEPHANT

Like a little boy who, at the beginning of the school term, seeks to establish himself in the teacher's good graces by the bestowal of apples, Oliver Hardy sought to make himself popular with Zenobia, the elephant appearing with him in the Hal Roach production, "Zenobia."

Prior to the shooting of the scene in which Zenobia hunts out Hardy in the midst of a formal ballroom, he was frequently absent from the set at the Hal Roach Studios. Soon the secret of his disappearances was solved. Director Gordon Douglas caught him carrying a juicy red apple down the street to the site where Zenobia and her stand-in were tethered.

But the play had deviations. His frequent visits to her led Zenobia to the belief that apples were abundant at the studio. When she was being led to the stage for her initial appearance she passed Roy Seawright's office. Seawright, the wizard of the process department, stood on his doorstep munching a pear.

"Ah, another apple pollisher," thought Zenobia and her long trunk reached over to the side, plucked the pear out of Seawright's grasp and hastily it joined the

DEATH OF MOZART:

WORK AND LIFE OF GREAT GERMAN COMPOSER

The approaching Salzburg Festival Play season has once more turned the eyes and thoughts of music lovers throughout the world towards the old city and towards that great German composer whose name is forever bound up with his birth place. Wolfgang Amadeus Mozart was a true son of Salzburg, with his mind full of melodies and a song always on his lips.

For in this lovely Alpine town everything seems to sing, from the bells of the magnificent baroque churches to the fast-flowing river Salzach, from the famous choirs whose voices rise in praise to divine service to the many song clubs of the town, from the gay folksongs that are sung by the people, to the merry drinking songs to be heard at the St. Peter's Wine Cellar. The whole air resounds with music, the atmosphere seems somehow impregnated with song. It was amid this wealth of harmonies that Mozart grew to manhood, and it was what he heard in this city that he absorbed and gave again to the world in the form of compositions that are unsurpassed in the whole history of music.

"Magic Flute" It is 150 years since the young composer, who so early won recognition as a master of his art, wrote that opera which has become not only the inalienable possession of the German people, but of the whole world of music lovers in every nation.

This was the "Magic Flute," of which his compatriot, Grillparzer, wrote: "This work made him the greatest composer of his time, and he deserves the admiration and love of the world."

The triumph of the "Magic Flute," which was performed a hundred times in the year when it was given to the public, was one which Mozart lived to enjoy, but he knew unerringly that death was even then standing at his elbow, and that he would soon have written his last song, when his soul would enter into the kingdom of eternal harmonies for which he had sought during his whole life.

Curious Happening The feeling obsessed him that he would not live much longer, was greatly strengthened by a curious happening that moved him deeply. One evening a messenger approached him with a letter that was unsigned and which asked him to write a requiem, and to tell the messenger what would be his fee for this work.

Mozart agreed to write the requiem, but said that he was ill and had much other work on hand, so that he could give no guarantee, as to when he could carry out the instructions of the unknown correspondent. A few days later, however, the messenger appeared again, handed over to him the fee he had asked, requesting him in the name of his master, who was determined to keep his identity secret, to start the composition, saying that an equal sum would

Photograph Five Years Younger

Hollywood's scores of film beauties might well afford to chip in a million dollars to the unknown inventor who has just made it possible for them to photograph five years younger—rather than the most charitable estimates of their ages.

This unheralded, unsung hero has just invented a new type of motion picture film, called "Plus X," which Samuel Goldwyn is trying out for the first time in his production of "Wuthering Heights"—the first beneficiaries being Merle Oberon, Laurence Olivier, David Niven, Flora Robson and others.

Super-speed Film The new super-speed film, according to Gregg Toland, Goldwyn's ace cameraman, permits the use of a very small amount of studio illumination, which is something highly favourable to screen personalities.

Candle light, the most charitable and romantic illumination possible to ladies, can be simulated through the use of "Plus X" and the reduction of studio lamps. And so the million dollars would be cheap—but the ladies probably won't see it that way.

Kowloon.

This is the Fourth and Final contest of the series and will remain in force until 12 noon on Friday, June 16th 1939.

M. Henri Cosme, the French Ambassador, arrived in Kunming from Hanoi by train at 8.3 o'clock on Sunday evening, and was greeted by members of the French Consulate and representatives of the Chinese authorities. M. Cosme plans to stay in Kunming for five days, leaving for Chungking on June 15 by plane.

MANY MATTERS COME BEFORE K.R.A. MEETING

Telephone Charges:
Robberies And
Playgrounds

The monthly meeting of the General Committee of the Kowloon Residents' Association was held in St. Andrew's Church Hall on Tuesday, June 6.

In the absence of the President, the chair was taken by the Vice-President, Mr. Lam Ming Fan; others present included the Rev. H. D. Rosenthal (Hon. Secretary), Mr. R. H. Wong (Hon. Treasurer), Hon. Mr. Leo D'Almada e Castro, Jr., Messrs. F. B. Blakey, R. Baldwin, E. I. Leita, Li Chor Chi, G. V. T. Marshall, R. Preston, D. O. Silver, C. E. Tetty, Miss R. Mow Fung, Rev. Fr. A. Granelli and Rev. J. R. Higgins.

The statement of accounts for the period January 1 to June 5 was presented by the Hon. Treasurer and approved.

The Hon. Treasurer reported that since the last meeting of the Committee nine new members had joined the Association.

STREET CLEANING:

Letters from the Association to the Hon. Colonial Secretary with regard to street cleaning and Homuntin drainage, to the Management of the Blue Taxis Co., in regard to unnecessary noise from taxis horns, and letters to the Police in regard to inefficient rear reflectors on bicycles, hawkers in prohibited areas, and the nuisance occasioned at car parks in the vicinity of cinema houses by small boys, were read and approved.

A reply from the Hon. Director of Public Works to this Association's submission in regard to Cox's Road playground was read, which stated that the necessary repairs to fences were being carried out.

A member of the Committee reported that the latrines in this playground were still very offensive and it was decided to draw the attention of the P.W.D. thereto.

TELEPHONE SERVICE:

A reply from the Hon. Colonial Secretary to the Association's letter in regard to charges for telephone service, stating that this matter was receiving consideration by Government was read and it was agreed that no further action could be taken pending notification by Government of their decision.

A reply from the Hon. Director of Medical Services to the Association's letter in regard to pollution of bathing beaches and dumping of refuse in the Harbour was read and discussed. The reply stated that the complaints had been very carefully and thoroughly investigated and that an attempt was being made to abate the nuisance complained of. A full report on the matter from the Sanitary Department was furnished and the Association was asked to advise whether any improvement in this respect was noticed.

The thanks of the Association were expressed to the Hon. Director of Medical Services for his courteous and prompt attention to this matter.

ROBBERIES IN KOWLOON:

Several detailed complaints from members in regard to the prevalence of robberies in Kowloon, particularly in the Homuntin area, and the lack of adequate Police protection were read.

A suggestion that the ease with which escapes were effected from the Homuntin area could be reduced by the installation of a light in the present unlighted lane known as Francisco Path was discussed, and it was decided this matter be again referred to the Commissioner of Police with a request for the installation of such a light and with details of the

Spectators at the Fifth Extra Race meeting held at the Valley last week. (Photo by Leica).

KNOCKED DOWN BY TRAMCAR

Coolies' Practise
Dangerous

INQUEST VERDICT

A verdict of accidental death with no blame attached to anyone, was recorded at an inquest held at the Central Court yesterday into the death of a coolie, named Sing Hung.

Mr. R. A. D. Forrest sat as Coroner, assisted by a jury comprising Messrs. F. K. Soares (foreman), C. V. Carlos and E. U. S. Alves.

The deceased, who with a number of other coolies were loading bags of rice from a godown onto a lunk in Des Voeux Road West on April 29, was crossing the tramline when he was knocked down by a tramcar. He died at the Queen Mary Hospital.

In their verdict, the jury added that the system of coolies carrying a load to and fro across the tramline continuously was "dangerous." They recommended that the proper authorities should be referred to in order to rectify the practise.

Instances referred to where delay in arrival of Police assistance had been established.

OLD K. TONG SQUATTERS:

The attention of the Committee was drawn to the unsanitary conditions prevailing in the village near Old Kowloon Tong and the nuisance and danger to health occasioned in that district by certain obnoxious trades. This complaint was referred to the Sanitation Sub-Committee for investigation.

PLAYGROUNDS:

In response to an appeal from the Playing Grounds Association it was decided that the Association donate \$100 to their funds.

The Association's representative on the Children's Playgrounds Association Committee stated that the K.R.A.'s submission in respect of the Jubilee Memorial Playgrounds would be dealt with at the next meeting of the Children's Playgrounds Association.

The nuisance occasioned by contractors dumping sand on pavements of main thoroughfares in Kowloon was discussed, and it was agreed that the authorities be approached with a request to ensure the removal of such dumps as soon as the work connected therewith was completed.

NATHAN ROAD TRAFFIC:

Several complaints and suggestions from members in regard to the control of traffic in Nathan Road, particularly in the area between Cameron Road and Peking Road and between Argyle Street and Cheung Sha Wan, were discussed and were referred to the Traffic Sub-Committee for consideration in conjunction with the Automobile Association.

SEWING NEEDLES LEAD TO FIGHT

Alleged Assault On
Two Sisters

An assault on two sisters, Fina and Rosa Koo, at No. 90, Sai Kung Road, first floor, on April 25, in which Mrs. Mathilde Wu admitted having taken part and her son and daughter, Louis and Gabriella Wu, were alleged to have participated, cost the first mentioned defendant \$10 when she was summoned before Mr. E. Himsforth at the Kowloon Court yesterday on a charge of assault occasioning actual bodily harm.

Mrs. Wu was bound over on a sum of \$30 to keep the peace for 12 months, and ordered to pay compensation of five dollars to each of the two complainants, whom she is alleged to have hit with a bottle and to have injured to the extent they had to receive Hospital treatment.

TWO DISCHARGED

Mr. M. A. da Silva, appearing for the complainants, called to the witness-box the two sisters and Mr. Victor Lee, who was visiting them at the time of the incident, to prove a case against the second and third defendant, but both were discharged for lack of conclusive evidence of their participation in the fight in which Rosa and Fina Koo claim to have been injured.

The two sisters and Mr. Lee gave evidence to the point the fight had originated from Mrs. Wu having expressed dissatisfaction over the quality of six sewing needles given her by Rosa Koo to replace some Singer sewing-machine needles she (Rosa Koo) had broken. Mrs. Wu was described as having exhibited a very bad temper.

FRENCH C-IN-C TO PAY VISIT TO SINGAPORE

In view of the close liaison which now exists between France and Great Britain in Europe, Vice-Admiral Desoux, Commander-in-Chief of the French Naval Forces in the Far East, Lieutenant General Martin, General Officer Commanding French Troops in Indo-China, and Colonel Devez, of the French Air Staff, have been invited to visit Singapore towards the end of this month to examine local defence measures.

The above statement was made by the naval authorities here yesterday. Admiral Sir Percy Noble, Commander-in-Chief of the China Station, is leaving for Singapore in H.M.S. Kent on Friday afternoon.

Lady Noble is proceeding to Weihaiwei in H.M.S. Falmouth on the same day.

Chu Shing-fat, 30, was fined one dollar at the Kowloon Court yesterday when he appeared before Mr. E. Himsforth, charged with the unusual offence of having a horn as well as a bell on his bicycle. He was ordered to remove the horn.

S.S. MAYON ENTERS DOCK FOR REPAIRS

Driven On Rocks
In Storm South
Of Cebu

Capt. William Gilray, commanding the S.S. Mayon, brought the damaged steamer into Hongkong yesterday morning, for a month of repair work to be executed in the Hongkong and Whampoa Dockyards. This is the first call in local waters for the steamer which was built by Vickers Armstrong Ltd. and launched in 1930 at Barrow-in-Furness, England.

The steamer, formerly owned by the ex-Dollar Line and used by the company for Philippine inter-island commerce, was purchased several years ago by the Manila Railroad and the Philippine Government; since then her route has covered southern island waters.

Torn By Sharp Rocks

On May 5, last, at 3 a.m. the S.S. Mayon, en route from Zamboanga to Cebu with a general cargo and 184 passengers rode into a storm of strong intensity; visibility was poor, the current swift and strong, with rain and wind. The steamer struck Apo Island, 86 miles south of Cebu, wedged in a channel, her port starboard and forward, between one and two lathes, were torn at the waterline and below by sharp rocks while the prow of the steamer lay high and dry on the rocky shore.

The S.S. Corregidor went to the rescue and removed all passengers; there was no loss of life or injury, and she proceeded to Cebu and Manila.

Pulled Off

Salvage and repair work commenced and in seventeen days the S.S. Mayon, with cement blocks in the gaping holes of her hull, was pulled off the rocks and proceeded to Hongkong for complete repairs and overhaul.

The repair work on the steamer presents a difficult problem, but Capt. Gilray is confident that an excellent job of engineering and repairing, will be done by the Hongkong and Whampoa Dock Co., Ltd.

ILL-TREATMENT ALLEGED

That she had been married to a man in the country who had brought her to Hongkong and had kept her in the Colony not as his wife but as a "mui tsai," having her do all the heavy house work, was an allegation made at the Kowloon Court yesterday by Cheng Ngau, 18 years of age, who claimed she had been ill-treated by Wong Chin-tung, 37, who she alleges is her husband, and by his kit fat wife.

Mr. E. Himsforth, before whom the case was heard, ordered an adjournment of one month pending a document being produced, which the complainant claims exists, certifying to her being married to the defendant.

MARINE SAFETY AWARD

The American President Lines have won the U.S. 1938 Marine Safety Award, an annual presentation of the Pacific American Steamship Association and the Shipowners' Association of the Pacific Coast, to the company showing the best casualty record in operations.

Vice-President Henry E. Frick, operating manager for the American President Lines, was notified of the award by F. A. Bailey, president of the Association. The certificate reads: "Presented to the Management and the Employees of the American President Lines in recognition of its outstanding achievement in the prevention of injuries to sea-going personnel during the year 1938."

The Management of the winning line will present a duplicate cer-

BIG ATTENDANCE AT FUNERAL OF CHINESE DETECTIVE

Several hundred police officers, representing the European, Chinese and Indian contingents of the Hongkong Police Force, joined in the funeral procession yesterday to pay their last respect to the late Detective Wan Man, who died as the result of a bullet wound sustained in a battle against a gang of armed robbers in Lee Yuen Street East on June 5.

Thousands of Chinese bystanders lined the road in silence yesterday as the procession wended its way through the street, and especially through Lee Yuen Street East.

The procession was headed by Hon. Mr. C. G. Perdue, Commissioner of Police, and Assistant Superintendents of Police, W. La B. Sparrow, G. B. Wilson, L. A. Searle and Mr. F. W. Shaftain, Assistant Director of Criminal Investigation.

Affiliate to each President liner with this slogan underneath: "Let's Repeat in '39."

JAPAN'S SLENDER GRIP ON CHINA

IN SPITE of her claims to
have occupied nearly
two-thirds of China's terri-
tory (at the outset of the
Sino-Japanese hostilities
Tokyo's blatant spokesmen
openly boasted that the invaders
would conquer China in three months), the occupied
regions actually are very
small. This is borne out by a
comprehensive little map
published in the "Hongkong
Daily Press" several days ago,
showing in a realistic way
how, even in the occupied re-
gions, the Japanese are con-
tinually being harassed by
the Chinese guerrillas who are
making it a real task for the
Nipponese to hold on to what
they have taken from China,
much less settle down to the
work of economic develop-
ment.

SEVERE FIGHTING con-
tinues in various parts of
China and, since the Chinese
assumed the offensive in
April, the Japanese have by
no means been having mat-
ters their own way. Although
they have made desperate
attempts to push the Chinese
back, they have found that
these have been futile and
they are forced now to con-
tent themselves with clinging
on to what they have gained.

AROUND CANTON, invad-
ing forces are in constant
fear of being attacked by the
Chinese regulars and guerrillas
and even in the City of Rams
itself, we are told, they dare
not go about the streets unless
in small groups. Frequent in-
cursions have been made into
the city by the Chinese but
none of these have been re-
ported in the press owing to
the severity of the Japanese
censorship. It is doubtful
however, if such reports are

NEW CAMP FOR MA TAU CHUNG INTERNEES

Chinese Government's Proposal

It is learned that the Na-
tional Relief Commission will
allocate a sum of \$200,000 for a
proposed new camp for the Ma
Tau Chung internees. Should
this scheme be approved by the
Colony authorities, the site of
the new camp would be on
Argyle Street, near the Kow-
loon Hospital, where the neces-
sary vacant land is understood
to be available.

The present state of affairs,
where the internees are mixed up
with a large number of refugees
in their Ma Tau Chung camp,
has long been deemed unsatis-
factory, but for the lack of neces-
sary funds and a suitable plot for
the erection of a new camp, things
were allowed to drift.

The conditions of the internees
at Ma Tau Chung are engaging the
attention of the Chinese Govern-
ment authorities, and they now
propose to allot \$200,000 for the
erection of a new camp, where the
ex-soldiers may find better and
more suitable quarters.

Plans Mapped Out

Plans for the new camp have
been mapped out, and as soon as
they are approved, work will be
started.

Construction of the proposed
camp will follow very much the
same lines as other refugee camps
in the new Territories, being paved
in concrete cement and divided
into a number of wooden houses,
and rounded off by iron rails. The
new camp, it is estimated, would
house about 1,000 to 1,200 persons.

ever sent to Tokyo, where the
officials and the people ar-
riving "hoodwinked into the
belief that "everything in the
garden is lovely." In the
Kongmoon-Sunwui sector, a
battle is imminent and the
Japanese are hurrying up
their defence works for fear
of being outnumbered by the
Chinese. At Tsengshing, the
Japanese have been besieged.

THE GUERRILLAS appear
to have surrounded Shanghai
and they have even driven a
wedge in the Japanese lines
and worked their way as far
into the Chinese city as Kao-
changmiao. In Hangchow,
the Japanese have been
hurled back to the city walls
and Kashing, an important
town on the Shanghai-
Hangchow Railway (on the
Kiangsu-Chekiang border),
is said to have fallen into
Chinese hands. With Ka-
shing's capture, the invaders
at Hangchow have been
thrown into a most precarious
position.

NANCHANG, Kiangsi, like-
wise is being subjected to
continual assaults by the
Chinese, who on numerous
occasions have fought their
way into the city, only to
withdraw for strategic
reasons, the tactics of the
Chinese High Command be-
ing to harass their enemy
and give them as uneasy a
time as possible. The Jap-
anese have not succeeded in
completing their defence
system although they have
been working hard and re-
quisitioning all able-bodied
men for the job.

ACTIVITIES of the guerrilla
fighters of the Eighth Route
Army in Shansi and other
parts of north China are too
well known to require re-
counting but, with the arrival
of the warm weather, it is
assumed that these will be
greatly intensified and the
Japanese outposts and lines
of communications will with-
out doubt suffer.

JAPAN REALIZES too late
that she has bitten off far
more than she can chew and
she knows that, even with
the help of a few traitors and
puppets, she cannot settle
down to the economic devel-
opment of the regions under
her control. She would like
to end the war as quickly as
possible but Generalissimo
Chiang Kai-shek has dif-
ferent ideas and it is his
intention that China shall
not only not yield but she
shall not give up her war of
resistance until the Japanese

Mr. Harold W. Brown and his bride, formerly Miss C. E. Mitchell, after their marriage at St. Andrew's Church yesterday morning. The happy couple later left for their honeymoon in Australia. (Photo, Ming Yuen).

CORRESPONDENCE

A COURAGEOUS ACT

(To The Editor of the
"Hongkong Daily Press")

Sir,—One of the two Chinese
detectives who so courageously at-
tempted to arrest the armed rob-
bers who held up a man in the
heart of the City on June 5, has
succumbed to the wounds he re-
ceived from the bandits at the
time.

In appreciation of the gallant
action of this Police Officer (Wan
Man), we desire to raise a
subscription in aid of his depen-
dents, and accordingly appeal to
the Chinese community for their
generous support.

Donations will be gratefully re-
ceived by any of the undersigned,
and will be acknowledged in the
press.

To open the subscription list Mr.
Li Yau-tsun, C.B.E., has made a
donation of \$200.00.

Yours faithfully,
R. H. KOTTEWALL,
T. N. CHAU,
M. K. LO,
W. N. T. TAM.

ESCORT GIRL SENT TO HOSPITAL

Alleged Attempt To End Life

A professional girl escort, named
Mung Pel-chau, alias Yeung Mo-
lin, is alleged to have tried to
commit suicide at the Luk Kwok
Hotel, Gloucester Road, early yes-
terday morning by swallowing an
overdose of opium.

She was discovered lying in
agony about 4 a.m. and was sent
to the Queen Mary Hospital, where
her condition last night was stated
to be improved.

It is learned that the girl had
sent a letter to her employers, the
Hongkong Escort Bureau, No. 10
Peel Street, explaining the cir-
cumstances which led her to adopt
such a course, but the contents of
the letter have not been revealed.

GOVERNOR SENDS WREATH

Among the wreaths sent to the
funeral of the late Detective Wan
Man, of the Hongkong Police, was
one from His Excellency the Gov-
ernor, and another from the Mem-
bers of the Legislative Council.
The funeral is reported on Page 7.

RUSSIAN FLYERS SAIL HOME

The two Russian aviators whose
recent Moscow-to-New York flight
ended in a "Nova Scotia" bog were
given a gay send-off by their
admirers the "end of May" when
they sailed for home aboard the
French liner Ile de France.

Brig. Vladimir Konstantinovich
Kokkinaki and Maj. Mikhail K.
Gordienko occupied a four-room
suite in the vessel.

have been forced out of
China and until the fangs of
the Japanese army have been
drawn once and for all.
Until then, there can be no
peace for Japan.

JUNE CRIMINAL SESSIONS

The following cases are down for
trial at the June Criminal Sessions,
which commences at the Supreme
Court, on Monday, June 19:—

Chong Chang-kwai, charged with
unlawful possession of arms and
ammunitions;

Lat On, breach of deportation
order;

Ho Sau-mui, Au Yin and Ng Hak-
sing, possession of forged banknotes
and conspiracy to have custody or
possession of forged banknotes;

Yu Ngau and five others, wound-
ing with intent;

Chan Hung, possession of dan-
gerous drugs;

Chiu Tak, Liu Yuen and Liu Ho,
armed robbery in dwelling and
receiving stolen property;

Chung Hung, Au Hing and Chung
Chuen, assault with intent to rob;

Wong Chung, larceny from the
person;

So Ming, Lam Sam, Tui Tui,

Leung Wah and Ng On, robbery.

RECEPTION GIVEN BY RELIEF ASSCN.

Three representatives of the
Overseas Chinese Students' Asso-
ciation, of the Philippine Islands,
were entertained at a reception by
the Hongkong Chinese Students'
Relief Association last night.

The three delegates, Messrs.
Lau Chi-mons, Yu Ping-cheung
and Lam Yuen, arrived in Hong-
kong a few days ago to discuss
with Hongkong student repre-
sentatives the matter of holding a
Far East Youth Congress in
Manila next summer.

From Hongkong, they will pro-
ceed to Indo-China, Siam and
other Far Eastern countries to in-
terview students there.

There was a large attendance at
the reception last night, which
was presided over by Mr. Lee
Ching-yu, chairman of the Hong-
kong Chinese Students' Relief
Association.

MR. STARK TOLLER FOR SHANGHAI

CHUNGKING, June 12 (Reuter).
—The British Consul-General, Mr.
W. Stark Toller, left for Shanghai
yesterday to take up the post of
acting Chinese Counsellor at the
British Embassy in Shanghai.

Mr. K. Bumstead, acting British
Consul at Tsingtao, is expected to
arrive in Chungking in the near
future to become Consul.

At present, Mr. H. L. Pridoux
Brune, acting Chinese Counsellor at
Chungking, will be in charge of the
British Consulate-General.

REFUGEE VICTIM

Appearing before Mr. R. Edwards
at the Central Court yesterday
charged with obtaining money by
false pretences, Tam Kwan, 46,
unemployed, was sentenced to five
months' hard labour.

Detective-Sergeant E. S. Brooks
told the Court that Leung Yu, a
refugee, who arrived in Hongkong
about four months ago, was
anxious to obtain work. Leung
was introduced to the defendant,
who promised Leung that he
could get a stall licence but would
require part payment of \$24.

AMBITIOUS RELIEF PROJECTS

REFUGEE PROBLEMS IN CHINA

SHANGHAI (Reuter By
Mail).—Ambitious work-re-
lief projects have been start-
ed by the National Relief
Commission of the Chinese
Government with a view to
eliminating entirely the war
refugee problem in China.

These include various produc-
tive schemes—road construction,
development of mines, soap mak-
ing, spinning and weaving,
manufacture of farm implements—
designed to give work to every
one of the 15,000,000 war refugees
throughout the country.

As a start, the Commission has
industrial units which will provide
a livelihood for several million
refugees.

Land Reclamation

At the same time, the Com-
mission has prepared an ex-
tensive land reclamation pro-
ject covering approximately
2,000,000 acres in 12 different
provinces. In this vast area
it is estimated that over
1,500,000 war refugees can live
and work in peace.

So far, 50,000 persons have
been transferred to reclaimed
areas in Shensi, Kiangsi, Fukien,
Kwangsi, Kupeh and Hunan, and
it is intended to move much larger
groups to various uncultivated
districts, when the present colonies
prove successful.

Meanwhile, the Commission is
studying the possibility of trans-
ferring a few million refugees
to such remote provinces as Kan-
su, Sikiang and even Chinese
Turkistan, which are sparsely
populated.

MR. E. M. ALARAKIA

The funeral of the late Mr.
Ebrahim Mahomed Alaraka, who
died on Sunday at his residence,
No. 359 Hennessy Road, took place
at the Mohammedan Cemetery
yesterday.

The chief mourners were the
children and five brothers of de-
ceased. He also left a widow, an
aged mother and five sisters.
Mulvi Haji Mohammed, Noor
Shah officiated at the graveside,
and a large number of friends
attended.

Wreaths were sent by J. Peston-
jee, P. Fox, H. Farnud, M. Nemazee,
Mr. and Mrs. J. Anderson and
family, Au Lum, Ho Yim-sang, Lee
Yip-fook, Ho Yuen-fong, Li Ho-
yam, The Hongkong Dairy Supply
Company, Staff of Dining Room
(Gloucester Hotel), Hongkong
Bowling Alleys and Staff of the
Linen Room.

AIRPORT NEWS

Imperial Airways:
NORTHBOUND
Thursday: Bangkok, Hanol,
Hongkong.
Delphinus—4.30 p.m.

SOUTHBOUND
Friday: Hanol, Bangkok,
Dorado, Delphinus—7 & 7.30 a.m.

Air France:
NORTHBOUND
Wednesday: France Hanol,
Hongkong.
Service—12.00 p.m.

SOUTHBOUND
Saturday: Hanol, France.
Service—7 a.m.

Pan American Airways:
EASTBOUND
Wednesday: U.S.A., Manila,
Hongkong.
Honolulu Clipper—2 p.m.

WESTBOUND
Thursday: Manila, U.S.A.
Honolulu Clipper—8.30 a.m.

Note:—Imperial Airways' "Do-
rado" arrived at Kai Tak from
Bangkok yesterday at 3.30 p.m.
with 156 kilos of mail from
London.
The "Della" was delayed over-
night in Hanol and is expected at
noon to-day with mail from
Australia and India.

BOY SCOUTS FOR WAR TIME WORK

After re-organisation, a group
of boy scouts, who arrived in
Hongkong from Canton following
the fall of the city, last October,
will leave for the interior to con-
tinue their war-time services on
June 15.

During the past few days, they
have been collecting medical
supplies for wounded soldiers at
the front.

Black lines mark course of future Pan-American Highway now
under construction. Broken lines indicate ferry from Cristobal,
C.Z., to La Guaira, Venezuela.

FROM ALASKA TO ARGENTINA PAN-AMERICAN HIGHWAY THROUGH JUNGLES

OFFICIALS EXPECT COMPLETION WITHIN A FEW YEARS

MEN WORKING IN STEAMING TROPICAL JUNGLES AND
ON LONELY MOUNTAINS THOUSANDS OF FEET ABOVE THE
SEA ARE LINKING TOGETHER A PAN-AMERICAN HIGHWAY,
WHICH SOME DAY WILL STRETCH FROM ALASKA TO
ARGENTINA.

Vast stretches of mountains, desert and jungle remain to be
conquered before the Pan American highway will reach comple-
tion.

Officials hope that within a few
years the average motorist may be
able to make a trip that has been
completed by an automobile only
once, and then the machine had to
be shipped by sea in order to
negotiate impassable regions.

When completed, a motorist will
be able to view in one continuous
journey the plains of America, the
silver mines and cactus plantations
of old Mexico, and in Central
America see volcanoes towering
over fields of coffee trees laden
with red berries, or banana plan-
tations in the hot, sticky, coastal
lowlands.

Continuing south, there will be
the Panama Canal, Columbia's
emerald mines, Venezuela's oil
fields and drive over the Andes to
descend to the great pampas of
Argentina.

Greatest progress on the Pan-
American highway has been made
between Laredo, Texas and Pana-
ma, a distance of about 3,250 miles.
In Mexico the only portion that
remains to be constructed is an
885 miles stretch from the frontier
with Guatemala to a point about
40 miles south of Mexico City.

In South America and Pana-
ma work has been expedited
with United States' co-opera-
tion. In Panama, Costa Rica,
Nicaragua, Honduras and
Guatemala surveys have been
undertaken. In Salvador and
Mexico such surveys already
have been made.

Inter-American Highway
The United States has aided
several countries along the "Inter-
American highway," as the United
States-Panama section is called,
through donation of material and
equipment, including essentials for
construction of bridges. It also
has furnished a number of high-
way engineers.

Under the co-operative arrange-
ment, the respective governments
furnished labour and local materi-
als, as well as the service of their
highway engineers.

The Pan-American Unions'
financial committee on the
highway recently estimated
\$73,308,000 would be needed to
complete the section between
their country and Panama.

Engineers surveying the western
South American portion of the
Pan-American highway have posed
this problem: Should the highway
follow the coastal lowlands,
through a largely uninhabited
territory, where deserts must be
traversed? Or would it be better
to build across the precipitous
Andes, in a more populated re-
gion, in the face of difficult en-
gineering tasks?

Overland Link
Experts believe that any over-
land link between the Panama
Isthmus and the remainder of
South America would have to de-
pend at least at the outset on a
ferry connection.

JAPANESE START TO ISOLATE FOREIGN CONCESSIONS IN TIENTSIN

Business Houses Moved

WHITE RUSSIAN ORGANIZATION OCCUPIES SOVIET CONSULATE: TRI-COLOUR FLAG HOISTED

TOKYO, June 12 (Reuter)—The first measures to isolate the British and French Concessions in Tientsin as a result of the British refusal to hand over four Chinese alleged to have participated in an assassination are reported by the "Domei" Agency yesterday.

It is stated that the branch offices of the Yokohama Specie and the Chinese Federal Reserve Banks have been transferred from the British to the Japanese Concession.

The Customs-house has decided to make a similar move, while 42 and 59 Japanese residents in the British and French Concessions respectively have completed preparations to transfer their businesses.

SOVIET FLAG TAKEN DOWN
TOKYO, June 12 (Reuter)—A news agency reports that "White Russian" Anti-Communist Commission occupied the Soviet Consulate in the former Russian Concession and hoisted the tri-colour flag in place of the Soviet flag, claiming that the Consulate was "exposed to danger of destruction by Soviet Communists who had smuggled themselves into Tientsin."

AGGRESSION IN THE FAR EAST

"MANCHESTER GUARDIAN'S" WARNING

JAPAN'S HATRED OF BRITAIN

A BLOCKADE?
CHUNGKING, June 12 (Central)—Informed circles believe that the threatened Japanese blockade of the British Concession in Tientsin would affect the French Concession there, according to a report from the northern city.

The Japanese would prohibit, among other things, goods other than necessities from entering and leaving the two foreign areas.

Merchant vessels would also not be allowed to dock at the wharves of the two concessions, and would be diverted to the former German Concession where there is no Customs service.

In this connexion, it is stated that all Japanese banks in Tientsin have added a clause to bills discounted against merchandise, to the effect that in the case of the British and French Concessions being blockaded, all goods covered by the "relative bills" are not to be godowned in or cleared from the two Concessions.

TIN AND SUGAR COUNCILS

Important Meetings To Be Held

LONDON, June 12 (Reuter)—The controlling bodies of two important commodities are meeting this week. The International Sugar Council meets in London on Tuesday with two important items on the agenda. First of all the Council has to approve last month's recommendation for increasing, by 154,265 tons the quotas for the current year of the British Dominions and colonies.

Secondly, the Council will discuss the indicated surplus in supplies, roughly estimated at 800,000 tons for the quota year, beginning next September. As the Council is not powered to effect elimination by quota cuts it will be necessary for exporting countries to make surrenders in quotas in order to balance exports with free market requirements.

While the first item is likely to obtain full approval, well-informed quarters feel that the question of sacrificing quotas will prove thorny and involve hard bargaining prior to any agreement.

TIN QUOTAS
The export quota for the third quarter will be decided at Wednesday's meeting of the International Tin Committee in Paris. Owing to the improving statistical position, tin circles are generally looking forward to a 45 per cent. quota as compared with 40 per cent. as at present but the possibility of the retention of the existing quota, in order to strengthen the buffer pools position cannot entirely be ruled out.

GAFENCU IN ANKARA

ANKARA, June 12 (Reuter)—M. Gafencu, Rumanian Foreign Minister, has arrived at Ankara and will be received by the Turkish President. Later he will go to Athens to meet the Prime Minister of Greece.

YEN STILL AT A DISCOUNT

SHANGHAI, June 12 (Reuter)—Despite the dollar's sharp decline, the yen is still at a discount, buyers paying about 90 cents.

GENERAL ELECTION IN AUTUMN?

LONDON, June 12 (Reuter)—Sir Douglas Hacking, Chairman of the Conservative Party, said that he saw no reason to suppose that a General Election would be delayed further than the autumn this year.

It is the general practice in normal times for Parliament to run for four years, instead of the allotted five, says Reuter's lobby correspondent, and, in that case, the dissolution of Parliament might be expected any time after October 15, when the new register for electors comes into force.

The correspondent adds that there is no reason why the Government should not decide to have an election in the autumn provided events in the international sphere show signs of returning to normalcy.

Royal Tour Drawing To A Close

TWEEDSMUIR WILL BID FAREWELL THURSDAY

QUEBEC, June 12 (Reuter)—The Royal train bringing the King and Queen from their triumphant visit to the United States is expected to cross the border at noon (GMT).

With the tour now drawing to a close, the C.P.S. liner Empress of Britain, which is taking Their Majesties back to England, has left for Halifax, Nova Scotia, where the King and Queen and the Royal suite will embark on Thursday night.

Lord Tweedsmuir, Governor-General of Canada, and Lady Tweedsmuir, who will bid Their Majesties farewell, will make brief stops at a dozen Canadian towns in the next four days.

RE-ENTER CANADA
ROUSE POINT, N.Y., June 12 (Reuter)—Their Majesties re-entered Canada when the Royal Train crossed the border here this morning. After a brief service held at Delson, Quebec, the train continued to St. Johns, Quebec, where a crowd of 23,000 was waiting to welcome Their Majesties.

FURIOUS AIR FIGHTS OVER CHUNGKING

SPECTATORS SPELL-BOUND: THREE JAPANESE PLANES CLAIMED SHOT DOWN

CHUNGKING, June 12 (Central)—Within fifteen minutes of each other, Chungking and Chengtu witnessed two furious air fights between Chinese pursuit squadrons and Japanese bombing units shortly after dusk yesterday evening.

Three Japanese planes were claimed to have been shot down over Chengtu, and two over Chungking.

Under the gathering darkness, spellbound spectators witnessed flashes of a dangerous hide-and-seek game between the opposing planes against a dusky sky pencilled with cross-crossed searchlights. Taking advantage of the nightfall, the Japanese succeeded in penetrating in both cases into the city limits despite Chinese vigilance, but were forced to empty their bomb racks in haste and retreat to their base out of formation.

The raiding parties entered Chungking at 7.15 o'clock, and Chengtu fifteen minutes later.

Scores of Bombs
Scores of heavy missiles were dropped in haphazard fashion over Chungking, while large numbers of incendiaries set fire to rows of houses in Chengtu. A list of the killed and wounded for both places has not yet been completed, although the number of casualties is believed to be not very large.

The raiders suffered a heavier loss over Chengtu, three of their number being shot down in mid-air by Chinese pursuits on the southern outskirts of the city.

Several large fires caused by the incendiaries inside Chengtu city were not put out by the fire brigade until late at midnight.

Direct Hits
Three of the bombs made direct hits on the British missionary-owned Western China University outside the southern gate. Two foreign members of the faculty are reported to have been wounded.

At Chungking, the raiders were greeted with furious bursts of anti-aircraft fire as soon as they penetrated into the city and were forced to fly at a high altitude. Eye-witnesses stated two of the Japanese machines were sent crashing down in mid-air. A search is being made for the wreckage.

Chinese pursuits gave relentless chase to the raiders until they were driven well out of their raiding range. All the Chinese planes returned to their base in safety.

Five Japanese bombers, two at Chungking and three at Chengtu, were shot down by Chinese aircraft in aerial combats according to Chinese reports.

The Japanese are said to have dropped many incendiary bombs on Chengtu.

JAPANESE EXPRESS REGRETS

SHANGHAI, June 12 (Reuter)—The Japanese Consul-General called on the United States Consul-General, Mr. Charles Gaus, and verbally expressed regrets for damaging one of the buildings of the American-owned West China Union University in Chengtu during the air raid last night.

The Japanese revealed that the bomb which struck the American building came from a plane which was engaged in an air combat with Chinese pursuit planes.

The German Consulate is also reported to have been damaged when six bombs landed in the neighbourhood and caused huge rocks to hurtle through the roof of the building.

Mr. Strang's Moscow Mission

LONDON, June 12 (T/Ocean)—While most of the Sunday papers here are unable to add anything to what is already known regarding Mr. William Strang's Moscow mission, the "Sunday Times" asserts that a member of the Cabinet will follow Mr. Strang to Moscow provided that the negotiations conducted by Mr. Strang with the Soviet authorities have not the expected result. The name of the Minister who will go to Moscow in that event has not been revealed by the paper, however.

The paper speaks of the "difficult situation" which, owing to the attitude of the Baltic States' refusal to agree to a guarantee of their territories, is regarded by the paper as an outstanding feature of the present situation.

The paper moreover asserted that Mr. Strang will submit to the Soviet Government a new formula which provided for an automatic co-operation between England, France and the Soviet Union in the event of a direct or an indirect attack.

This formula is said to provide for immediate consultation of the three powers with the view to joint action in the event of threatening aggression.

AIMLESS BOMBARDMENT BY JAPANESE

From Our Own Correspondent
CHUNGSHAN, June 12. — To show that they are active, three Japanese gunboats aimlessly shelled Muk Chow, south-east of Hong-moon, on Saturday and steamed away later without achieving their objective.

Without the landing of blue-jackets, the Japanese were unable to gain any ground in Muk Chow. Only some evacuated houses were hit, and casualties were believed to be nil or very slight. Muk Chow and Sam Kong near Kongmoon have remained in Chinese hands despite Japanese threats.

When the Chinese forces drove away the invaders in Muk Chow, they captured over a hundred puppet forces including their commanding officer and a chief-of-staff, who were subsequently executed. The others declared that they were forced to join the enemy and expressed their regret for such action. They are being detained for work behind the lines.

Guerrillas Better Organized
Chinese guerrillas in Kwangtung are now better organized under one superior commander. They are active on the outskirts of Canton and even in some of the principal streets in the city. Last week they were active even in Taiping Road, the principal thoroughfare in the heart of the shopping district.

Pang Tung-yuan, so-called Chairman of the Peace Maintenance Commission, is afraid of the guerrillas and goes about the city in a Japanese armoured car under the protection of gendarmes. He has received threatening letters because of his traitorous activities. Other lesser lights are also taking precautionary measures.

They change their residence from time to time so as to elude would-be assassins. They even fear that they may be bombed by Chinese warplanes, which made two visits over Canton last week.

GERMANY'S SIEGFRIED LINE

PARTICULARLY HEAVILY ARMED

BERLIN, June 12 (Reuter)—The third line of fortifications ordered by Herr Hitler last October to strengthen the defences between Aix-le-Chapelle and Saar-Bruecken have now been completed, according to Herr Todt, who is the Consulting Engineer for the Siegfried line.

Herr Todt stated that the new fortifications run west of a line connecting Aix-le-Chapelle and Saar-Bruecken, while two earlier fortifications are situated on the eastern side. Herr Todt added: "The new line is particularly heavily armed. Especially strong additional bulwarks have in the meantime been added to the fortifications from Saar-Bruecken to Basle."

SEVEN PREFECTS LEAVE DIOCESAN BOYS' SCHOOL

The threatened walk-out of students at the Diocesan Boys' School materialised yesterday when about 150 students were absent from their studies.

The seven prefects who objected to the appointment of a Formosan-Chinese as head prefect on the ground of his being a Japanese national left the school after an interview with the Headmaster, Mr. G. A. Goodban.

It is understood that the seven prefects who had walked out, and a number of others, have drafted a letter for submission to the Committee of the School, who are asked to intervene in the matter.

Rumours current in many circles yesterday afternoon that students of other schools in the Colony had sent representatives to see Diocesan School authorities proved to be unfounded.

BRITISH WOMEN SEEK MORE WAGES

LONDON, June 12 (T/Ocean)—The low wages paid to women in British industry were protested against by the Trade Union Industrial workers which is to organize a campaign shortly for the minimum rate of £2 per week for female workers.

Commenting on the decision of the Trade Union which was taken this week-end at a meeting of the Executive Committee, the "Daily Herald" reports that women at present received between 26 and 32 shillings per week for 48 hours' work.

The Resident General of French Morocco, General Nogues, is expected to arrive in Paris to-day. Gen. Nogues is visiting the capital to report on the results of the discussions with the British Military authorities at Gibraltar about the possibility of Anglo-French military co-operation in the western Mediterranean.—(T.O.)

New discussions between the representatives of the German and British industries are forecast by the "Financial Times". The paper believes that the German representatives would come to London at the time of the tennis tournament at Wimbledon to resume the negotiations broken off at the middle of March.—(T.O.)

BOYS MISLED

Mr. Goodban stated he believed that a large number of the boys who were absent yesterday had been misled on the whole issue.

A strong appeal for loyalty to the school and the Headmaster, and the comment that there was no place for politics in school life, was made by Sir Robert Kotewall, addressing the assembly yesterday morning. Sir Robert is an old boy of the school, and patron of the Old Boys' Association.

Sir Robert said, in part: "I understand that the trouble has arisen out of the selection of a Formosan Chinese for the post of Senior Prefect. I consider this matter very important because politics have no place in the school. It is not that I do not appreciate your personal feelings. You boys in your own way want to do things which according to your own view would be patriotic. But true patriotism lies in obedience to authority. In your own country you obey your Government in a foreign country you obey its laws. In a school you obey your masters."

RETURNED TO SCHOOL
It is learned that of the boys who absented themselves yesterday a few returned to school in the course of the day.

NEW KIND OF TIRE STOPS QUICKER IS SAFER ON WET SLIPPERY ROADS

Here's a new Goodrich tire
with a tread that gives you the greatest

protection against skid-
ding that you've ever had
on your car.

This new Lifesaver
Tread is actually a road
dryer. Its never ending
spiral bars, acting like
a battery of windshield
wipers sweep water right
and left, force it out
through the deep grooves.
The rubber grips a dryer,
safer surface, stops your
car quicker than you've
ever stopped before.

The new Goodrich SAFETY Silvertown.

QUEENS OF THE PACIFIC

PALATIAL NEW LINERS BEING BUILT FOR PRESIDENT LINES: "SMARTEST YOU EVER SAW"

Former United States Senator, Mr. William Gibbs McAdoo, Chairman of the Board of the American President Lines, returned to his desk at San Francisco headquarters after a six-weeks business trip to Washington in the interest of his company.

Senator McAdoo reported good news for San Francisco and for West-Coast shipping in general. He stated that the U.S. Maritime Commission already has under construction at Newport Ship-building plant seven combination passenger and freight vessels, commonly known as the modified C-3 type, for American President Lines Round-world service.

"These ships are going to be the smartest things you ever saw in your life," smiled Senator McAdoo. "They will be 492 feet long, 68 feet beam and with a sustained sea speed of 18½ knots. They will have accommodations for about 100 passengers, and each stateroom will be equipped with the most up-to-date convenience and modern furnishings.

Large Rooms

"Every room will be unusually large, well ventilated and completely fireproofed. Each will have a private bath. Ample public rooms are provided off the promenade deck which will be more spacious than usual. The verandah cafe opens out to a beautiful tiled swimming pool. The large dining saloon will be air-conditioned; also some of the staterooms."

Senator McAdoo pointed out that the present vessels average only 13½ knots, and that with the new and faster ships the round-world cruising time will be cut from 112 to 68 days. Thus seven vessels will suffice for the fortnightly sailings. The greater speed, he said, will enable passengers to spend more time ashore at the many ports of call, and still shorten the time of a complete world cruise.

Boon To Freight Shippers

"The new ships will be a great boon to freight shippers also," said Senator McAdoo. "Not only will the faster speeds shorten the time cargo is in transit, but there will be more specialized cargo space available. For instance the refrigeration storage area will be almost double that of the present vessels.

The new ships will provide approximately 450,000 cubic feet of general cargo space, and 60,000 cubic feet for refrigerated cargo. In addition each ship will be able to carry about 1200 tons of commercial oils. The refrigeration space will be 75 per cent. aircooled and 25 per cent. coil cooled."

Commenting on his company's new \$20,000,000 luxury liners which are still on the Maritime Commission drafting boards, Senator McAdoo said:

"These palatial new liners will introduce a new era in merchant shipping on the West Coast. They will be in tune with the growing trend of trade and travel toward and throughout the great Pacific area.

Giant Ships

"General specifications of these three giant ships, which will be the largest ever turned out in American yards, follow: length overall 740 feet; beam 98 feet; displacement 34,000 tons; fuel oil capacity 9,711 tons; cargo oil 1500 tons; dry cargo 525,000 cubic feet; speed 24½ knots; passenger accommodations 1000.

"These new Queens of the Pacific will be unmatched in size, speed, comfort and modern appointments by any ships in the Oriental trade. They will give the American President Lines' and the American Flag a commanding position on the Pacific.

MAINTENANCE SUMMONS

Further evidence was heard before Mr. R. Edwards at the Central Court yesterday at the resumed hearing of the case in which Lam Fung-lung, police reservist, was summoned by Li Wah-hing for maintenance.

Mr. C. d'Almada, appeared for the defence. At yesterday's hearing Li produced documents which she stated were documents concerning her marriage to the defendant as kit fat wife.

The case was adjourned formally until Thursday, while further hearing was fixed for Monday, June 19.

Mr. Edwards advised the complainant to seek legal representation.

COLONY HEALTH RETURNS

Twenty-seven cases of tuberculosis were notified to the Health Department on June 11. In addition to ten cases of cholera, seven cases of enteric fever, five cases of dysentery, four cases of measles, one imported case of cerebro-spinal fever and one case of puerperal fever.

A woman, Chan Siu-wah, 22, who alighted from a moving bus, appeared at the Kowloon Court yesterday before Mr. Q. A. A. Macfadyen. She was cautioned for alighting from a moving vehicle and discharged.

NO BIDDING AT CROWN LAND SALES

Three lots of Crown land were sold at the P.W.D. office yesterday. New Kowloon Inland Lot No. 2,659, situated at Ngau Chi Wan, containing an area of about 14,000 square feet, was purchased by Mr. Lau Tung, representing Mr. Loffe Pahong, of Powell's Building, for \$3,600.

Rural Building Lot No. 423, situated at Mount Cameron Road, with an area of about 13,100 square feet, was bought by the Concrete Products, Ltd., Hongkong Bank Building, at the upset price of \$1,572.

There was also no bidding in the sale of Inland Lot No. 5,529, near Ventris Road, which was sold at the upset price of \$15,973. Messrs. Chan Sau-chee and Chan Sau-ho, were the purchasers.

Don't Go BALD

"HARLENE - HAIR - DRILL"
EACH DAY KEEPS BALDNESS AWAY
HARLENE

HAIR-GROWER & TONIC

As beneficial for Women as for Men
Just 2 minutes every day can save
years on your appearance! For
nothing is more ageing or unsightly
than baldness or even thinning or
falling hair.

If you have noticed these signs,
approaching then you should com-
mence to practice HARLENE-
HAIR-DRILL! It takes only 2
minutes each day—but its results
are extraordinarily efficacious.
Falling Hair stops falling—Bald
Patches are covered with a healthy new
growth—the scalp is nourished and
the hair becomes abundant and virile.

GREMEX SHAMPOO

The super-cleansing, super-creamy
lather of the GREMEX SHAMPOO is
one of the most delightful hair expe-
riences you can enjoy! It thoroughly
removes all trace of dirt, dust, sebum
and dandruff, leaving the hair and scalp
sweet and fragrant with that wonderful
feeling of complete cleanliness.

Free lathering rinse included.

UZON BRILLIANTINE

Adds a beautiful finishing polish to the
coiffure. Both men and women de-
light in this super-refined Brilliantine
which is especially valuable to those with
dry scalp, and keeps the hair immacu-
lately in place all day!

In liquid or solidified form.

Special Notice to the If your hair is grey, going grey or losing its colour;
GREY HAIR you should instantly use ASTOL Hair Colour Restorer

FROM ALL CHEMISTS AND STORES.

Finance and Commerce

NATIONAL CURRENCY STABILITY

FINANCE SPOKESMAN EXPLAINS SLUMP IN CHINESE DOLLAR

CHUNGKING, June 10 (Central).—Concerning the recent slump of the Chinese yuan, a spokesman of the Finance Ministry at an interview declared that the method employed by the Control of the Stabilization Fund in readjusting the exchange level was fully approved by the Government. This method furthermore does not constitute a change in the Government's policy in maintaining the national currency.

The spokesman revealed that during the present seasonal trade fluctuation, an excess of import including a large portion of non-necessities calls for an adjustment of the yuan to a favourable economic level. It is believed such an adjustment would lead to trade equilibrium and strengthen the exchange market.

The spokesman recalled that the Central Bank has never failed in allotting foreign exchange to Government and private organs according to the official rates for legitimate use approved by the Ministry of Finance. He pointed out that since foreign exchange is under Government control, disparity between official and market rates would naturally follow, as is true in the case of other countries.

CONTROL STRENGTHENED
The spokesman stressed the stability of the national currency and stated that with the creation of the Stabilization Fund, its control has been further strengthened.

NEW UNIVERSITY FOR KIANGSI

KIAN, KIANGSI, June 11 (Central).—The Kiangsi Provincial Government has secured \$2,000,000 Chinese currency from the National Government as an initiation fund for the establishment of a Chung Cheng University. Preparations for its opening are now in full swing.

The university is named after Generalissimo Chiang Kai-shek, whose other name is Chung Cheng.

BETTER QUARTERS FOR CREWS OF MERCHANT SHIPS

LONDON, June 11 (BWS).—The National Maritime Board, representative of shipowners and seamen, has agreed on new rules intended to effect a far reaching improvement in crews quarters in British merchant ships.

Greater cleanliness and comfort are the objects of the new standard and the Board looks for the active co-operation of owners, masters and crews to enforce and maintain it.

UNIFORMS FOR THE ARMY: INDUSTRIES REBENEFIT

LONDON, June 11 (BWS).—The magnitude of the demands made on sections of industry unconnected with armament production by the enlargement of the armed forces is demonstrated in the orders which the Government has placed with the boot manufacturers for 1,000,000 pairs of boots intended for militiamen and the increased numbers of territorials, as well as in orders for nearly 3,000 miles of khaki, which is now being woven in Yorkshire mills for uniforms, the total cost of which will be not less than £4,000,000.

This last order is not only one for service purposes from which the textile industries are benefitting. Other recent orders include 2,000,000 yards of cotton overall material for the R.A.F. and 15,000,000 yards of heavy duck for the Army.

COLLECTIVE FARMING FOR WAR REFUGEES

KIAN, KIANGSI, June 11 (Central).—Collective farming has been introduced for the first time in the history of Chinese agriculture. Thousands of Chinese driven by the Japanese from their homes are establishing colonies in free China based on this new method of farming.

Kiangsi had at the end of April, 1939, more than 2,000 colonists working on 4,000 acres of reclaimed land. These people formerly were farmers, carpenters, masons, textile workers, school teachers, and professional men from the provinces of Kiangsu, Anhwei, Honan, Hupen, and the cities of Nanking and Shanghai. They are grouped according to their native districts, and each is assigned to a settlement.

The refugees in each settlement are divided into groups. Each group is given 20 acres of land. The members are divided into farming, handicraft, house keeping, education, and management teams. The farming team is again subdivided into the plowing, sowing, and shepherding gangs. Each team is headed by a captain appointed by virtue of his ability.

Work Recorded
The work of the members is recorded every day by the management group under the supervision of the settlement authorities appointed by the Kiangsi Reclamation Bureau. Harvests and profits realized from the farms are divided among the members in proportion to the work they do. Under this system, all are working hard. Women and children in these settlements are also profitably employed. They are responsible

for house keeping, collection of fire wood, and tending the flocks. The collective farms are equipped with improved tools, threshing machines, and sowing machines. Working efficiency has been greatly raised since the introduction of these improved machines, and each farmer can till half an acre of land a day as compared with the ordinary Chinese average of one tenth of an acre.

Built By Themselves
The colonists live in dormitories built by themselves. There are dining halls, bath houses, clinics, and schools for settlement members. A community kitchen supplies daily meals at three dollars a month to each member.

All the expenses of the settlers in the first year, including food, housing, domestic animals, farming tools, and clothes, were supplied by the settlement authorities. The expenses are to be paid back, without interest, by the refugee colonists in eight years. They will not be required to pay any tax in the first five years of their settlement.

The Kiangsi Reclamation Bureau, in view of the success of its existing settlements, is now pushing ahead its expansion plan for 4,000 more colonists and the reclamation of 4,000 more acres of land in 1939.

British participation in control of the island has presaged the likelihood that in the future it may also serve as a base for Imperial Airways from Australia to Canada to connect with the recently inaugurated airplane passenger system crossing the Dominion east and west.

The "North Haven" operated by Pan American Airways transports about 5000 tons of cargo and about 100 men to the island.

The Yunnan Provincial Food Control Board was officially inaugurated in Kunming on June 10. The chief purpose of the Board will be finding means to facilitate the transportation of food within the province, so as to lower the increasing rice price.

NEW AIR BASE WORKERS SAIL

A new phase of trans-Pacific airline development commenced in May with the sailing of the steamer "North Haven" to establish a commercial aviation base on Canton Island, British-American controlled gateway to the South Seas.

Canton Island is destined to become a stepping stone in the extension of Pan Airways trans-Pacific operations to Australia.

British participation in control of the island has presaged the likelihood that in the future it may also serve as a base for Imperial Airways from Australia to Canada to connect with the recently inaugurated airplane passenger system crossing the Dominion east and west.

The "North Haven" operated by Pan American Airways transports about 5000 tons of cargo and about 100 men to the island.

The Yunnan Provincial Food Control Board was officially inaugurated in Kunming on June 10. The chief purpose of the Board will be finding means to facilitate the transportation of food within the province, so as to lower the increasing rice price.

Now is the time to visit
Australia & New Zealand

lands of Paradise and Romance. "Down Under" you will find a new being and even if you are not inclined towards fishing, shooting or mountaineering you will find that the Antipodes have plenty to offer you, including 20,000 for your pound.

On the way down your life aboard will be as you wish, quiet or hectic for the B. & A. will humour you every wish. There is no additional charge for Deck Cabins and there is of course a Sun Deck swimming pool, an Orchestra and a Spa Laundry.

And by the way, there is no additional charge for Deck Cabins and there is of course a Sun Deck swimming pool, an Orchestra and a Spa Laundry.

A Surgeon and Stewards are at your disposal and last but not least - we had almost forgotten - the cuisine will set you listening eagerly for the Gong.

Regular monthly sailings from Hong Kong to Shanghai and Japan and Hong Kong to Australia.

Hong Kong to Sydney - 19 days.

Frequent connections from Australia with the following:-

The Canadian Australasian Line Steamers to the United Kingdom via New Zealand, Vancouver, etc.
